herbs along with acupuncture therapy to treat his patients. Dr. Chen received the National 6th Excellent Science and Technology Book Award for his book "Acupuncture and Acupoint Anatomical Atlas". It has become a compass for Chinese and foreigners to study traditional Chinese medicine acupuncture.

Perioperative Acupuncture and Related Techniques

The theory of traditional Chinese medicine, of which acupuncture is just a part, is complex and beyond the scope of this review. Unlike Western biomedical science, traditional Chinese medicine does not make a distinction between physical, mental, and emotional components of life. Moreover, it considers a human being as an integral part of the

Acupuncture Point Locations
